

Venture Capital Funding Quarterly Reports by VentureDeal

MENLO PARK, CA, December, 2010 – Venture capital database [VentureDeal](#) is pleased to announce the release of complimentary Venture Capital Funding Quarterly reports.

Covering the third quarter of 2010, the reports provide a combination of notable venture capital transactions involving venture capital firms and technology startups, insights into trends by industry sector and aggregated data.

In addition, the report contains rolling 12-quarter activity charts by industry to assist users in visualizing historical aggregated data.

Written by VentureDeal staff, the current reports released for Q3 2010 may be found by clicking the link below:

Organizations such as professional service firms, technology startup companies and venture capital firms derive benefit from new perspectives on industry trends, discovering new companies being funded and which venture capital firms, angel groups, private equity firms and venture lenders provided the financing.

About VentureDeal

VentureDeal is a venture capital database that provides comprehensive venture capital information for service firms, technology companies and venture capital companies. VentureDeal subscribers receive real-time information about U.S.-based companies being funded, acquired and going public, along with who is involved - down to the individual decision maker, company management and venture capital firm partner.
